EVENT SITUATION

You are the founder and CEO of TECH GADGETS, a growing electronics retail startup known for its innovative gadgets and accessories. A prominent investor and board member (judge) has asked for a meeting.

TECH GADGETS has recently experienced significant stock shortages and shipping delays for key products such as smartwatches, wireless earbuds, and gaming consoles. These issues have led to customer complaints and affected your company's reputation. A key investor and member of the board of directors (judge) is concerned about the impact of these supply chain disruptions on the company's growth and customer satisfaction. They have asked you to address these concerns and provide a plan for managing and mitigating these challenges.

You will present your analysis and strategies to the investor and member of the board of directors (judge) in a role-play scenario. Start by explaining the nature of the supply chain disruptions and their impact on TECH GADGETS. Then, present your proposed solutions and strategies for managing these challenges. Be prepared to answer questions from the investors or board members regarding your plan and how it will help the company navigate these issues effectively. Conclude by reassuring them of your commitment to resolving these issues and ensuring the company's continued growth and success.

Possible Judge's Questions:

1. How do you plan to regain customer trust and repair the company's reputation after these recent issues?
2. What specific steps are you taking to improve relationships with suppliers and ensure a more reliable supply chain moving forward?
