EVENT SITUATION

You are to assume the roles of co-owners of SERENITY YOGA STUDIO, a boutique yoga studio located in a growing suburban area. Your business partner (judge) has asked you to analyze the potential of expanding the studio's offerings to attract more members and increase revenue.

SERENITY YOGA STUDIO has built a loyal following of customers who enjoy small-group yoga classes in a peaceful, community-focused environment. The studio currently offers traditional yoga classes (Hatha, Vinyasa, and Restorative), a monthly membership program, and occasional wellness workshops focused on meditation and mindfulness.

Recently, you have noticed a growing demand for hot yoga and hybrid fitness classes, such as yoga sculpt (yoga with light weights) and aerial yoga. Competitors in nearby cities have added these offerings and have seen an increase in memberships. However, adding these new classes would require investments in infrared heating panels for hot yoga, specialized equipment for aerial yoga, and potentially training current instructors or hiring new ones.

Your venture capital partner (judge) believes that expanding the class offerings could help SERENITY YOGA STUDIO remain competitive and attract a younger audience. However, there are concerns about upfront costs, space limitations, and maintaining the studio's brand identity.

Your business partner (judge) has asked you to analyze the opportunity and provide a recommendation on whether the studio should move forward with adding new yoga styles. Your analysis should include:

- Benefits of expanding the class offerings, including attracting new members and increasing retention
- Challenges and risks, such as investment costs and the need for instructor training
- Recommendations on specific class types (hot yoga, yoga sculpt, aerial yoga) and their feasibility
- Marketing strategies to promote the new classes and differentiate SERENITY YOGA STUDIO from competitors

You will present your ideas to your business partner (judge) in a meeting. The business partner (judge) will begin the meeting by greeting you and asking to hear your ideas. After you have presented your recommendations and answered the business partner's (judge's) questions, the business partner (judge) will conclude the meeting by thanking you for your work.

Potential Judge's Questions:

1. What specific strategies will you use to ensure that adding new classes does not alienate your current loyal customer base who value the studio's peaceful and community-focused environment?
2. What metrics or key performance indicators (KPIs) will you use to measure the success of the expanded offerings, and how will you adjust your strategy if the results do not meet expectations?
