MARKETING MANAGEMENT
TEAM DECISION MAKING EVENT

PARTICIPANT INSTRUCTIONS

(quoted directly from DECA, INC)

- "The event will be presented to you through your reading of the 21st Century Skills, Performance Indicators and Case Study Situation. You will have up to 30 minutes to review this information and prepare your presentation. You may make notes to use during your presentation."
- "You will have up to 15 minutes to make your presentation to the judge (you may have more than one judge)."
- "You will be evaluated on how well you meet the performance indicators of this event."
- "Turn in all of your notes and event materials when you have completed the event."

21st CENTURY SKILLS

- Critical Thinking – Reason effectively and use systems thinking.
- Communication – Communicate clearly.
- Creativity and Innovation – Show evidence of creativity.

PERFORMANCE INDICATORS

1. Explain the role of promotion as a marketing function.
2. Explain the types of promotion.
3. Identify the elements of the promotional mix.
4. Identify communications channels used in sales promotion.
5. Determine factors affecting business risk.

EVENT SITUATION

You are to assume the roles of the marketing specialist and the community outreach coordinator for WAVE AQUARIUM, an educational aquarium that focuses on marine conservation and education. The executive director (judge) wants you to develop a promotional campaign aimed at increasing attendance during the summer months.

WAVE AQUARIUM is located in a coastal city and offers a variety of exhibits, educational programs, and hands-on activities for visitors of all ages. The aquarium has a loyal following, but attendance tends to drop during the summer when families are on vacation.

WAVE AQUARIUM is not just a destination for marine enthusiasts; it's a hub for education and conservation. Home to over 100 species of marine life, including vibrant coral reefs, playful otters, and majestic sea turtles, the aquarium offers immersive experiences that engage visitors in the wonders of ocean ecosystems. Alongside its exhibits, WAVE AQUARIUM hosts interactive educational programs, such as behind-the-scenes tours, hands-on animal encounters, and workshops focused on marine conservation. The aquarium also features a well-stocked gift shop offering eco-friendly products, educational toys, and souvenirs, along with a café serving sustainable seafood and local produce. To enhance summer attendance, the aquarium seeks to market these offerings effectively, highlighting special family packages, summer camp partnerships, and unique events like "Dive Into Science" weekends that provide engaging activities for children and adults alike.

The executive director (judge) has asked you to create a campaign that targets: Families with children, Local schools and summer camps, and Tourists visiting the area

Your campaign should include:

- Promotional events
- Advertising strategies
- Incentives

You will present your campaign ideas to the executive director (judge) in a meeting to take place in the director's (judge's) office. The executive director (judge) will begin the meeting by greeting you and asking to hear your ideas. After you have presented your campaign and answered the executive director's (judge's) questions, the director (judge) will conclude the meeting by thanking you for your work.

Potential Judge's Questions:

1. Given WAVE AQUARIUM's focus on marine conservation, how will your campaign incorporate sustainable practices in both the marketing materials and the events themselves?
2. What budget constraints did you take into account when developing your promotional events and advertising strategies?
